

CURTAINS FOR CONTROLLED ATMOSPHERE (CA) REEFERS

High-quality PE curtains for controlled atmosphere (CA) reefers, produced out of cutting-edge industrial material, meet the highest European (EU 10/2011), GB (BRC IOP) and US (FDA) food contact standards.

CENTER MARK

The ribbon assembly marking line and center mark help to find the perfect curtain position before the application of the securing ribbon.

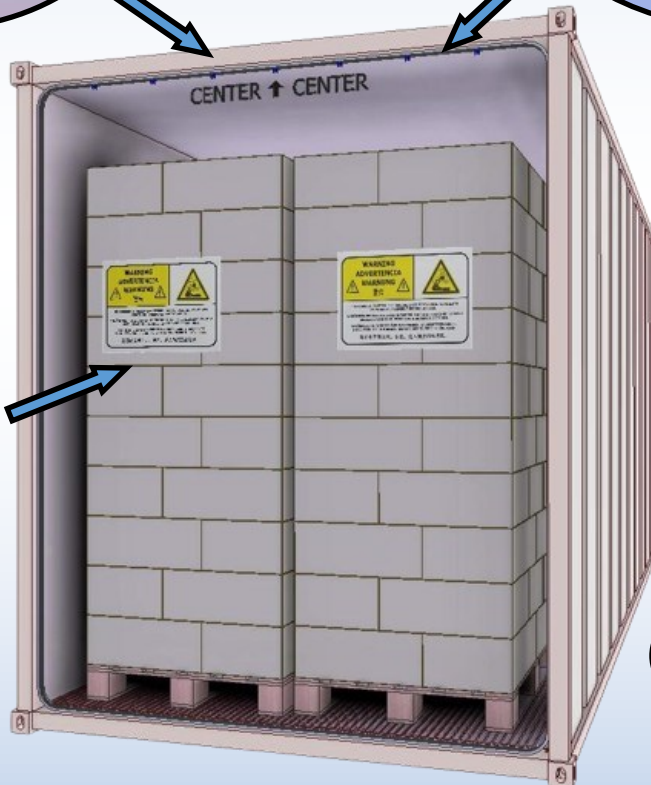

C'CLIPS

Optional* C'Clips allow easy and precise fixing of the curtain before application of the securing ribbon

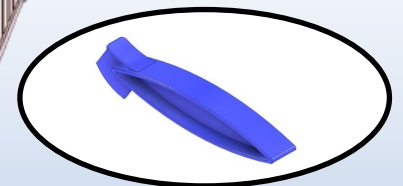

WARNING „LOW OXYGEN” SIGN

Warning sign, sticker or print-out, ensures safety of operators at your destination place.

RECYCLING

Made fully out of PE, both the curtain and securing ribbon, are environmentally friendly by going easily through the main recycling streams.

RIBBON TOOL

Optional* Ribbon installation tool allows easy and precise fixing of the curtain ribbon.

* Optional tools, C'Clips (8 pcs) and ribbon assembly tool (1pcs), are a part of the full set box.

CURTAINS FOR CONTROLLED ATMOSPHERE (CA) REEFERS

Main features and components of the set:

Cutting-edge PE material used for the production of curtains provides high strength and great puncture resistance.

Curtains are fully recyclable using standard methods available worldwide.

The center mark and assembly line printed along the edge of the curtain help with easy application and perfect alignment of the curtain.

PE curtain ribbon provides an excellent balance of easy application and firm installation of the curtain.

Recyclable material (together with a curtain) provides an environmentally friendly approach and hassle-free disposal at the destination point.

C-clips allow the user easy and comfortable pre-alignment and installation of the curtain.

The ribbon installation tool helps with the installation of the ribbon.

Ribbon installation tool and C-clips are sold as part of the full set box.

CA curtains are packed 12 pcs per box.

Each curtain is packed individually with a securing ribbon.

The basic set box includes: 12 pcs of CA curtains, 12 pcs of curtain ribbons and an installation manual.

The full set box includes additionally 8 pcs of C-clips and 1 pcs of ribbon tool per box.
